

April 29, 2010

The faculty, staff, and students of the Alan G. MacDiarmid NanoTech Institute at The University of Texas at Dallas welcome the 2010 class of NanoExplorers. We had over 70 highly qualified applicants this summer. These applications were carefully reviewed by a panel of mentors over the last two weeks. Those chosen to participate are listed below. Accepted applicants will receive a letter in the coming week that gives further instructions for participating in the program. We thank everyone who applied for their interest in our program.
